# Here We Have Suits

That the Boys Will Have a Hard Job to Kick the Stuffin' Out Of

They were made to head off boys who take great delight in seeing how quickly they can do it. They are fashioned with fabrics which are especially noted for their great wear resisting requisites; cut full ... and roomy to allow agile bodies lots of play; and clamped together in the seams with double stitches to prevent any chance of spreading or

pulling apart. The coats are fitted with and without belts;

plain and knickerbocker trousers. Juvenile Department
